HALFTIME QUOTES

HEAD COACH RAHEEM MORRIS

(On the play of the team in the first half capped by the WR Arrelious Benn Touchdown)

“That was a good outing by the team out there. Coming up big and getting two balls back for our offense and then two scoring drives. We were able to move the ball down the field effectively and efficiently. It was a good look by some of our young guys in the first half.”

(On the performances of S Corey Lynch)

“You have to feel good about that performance. You just have to keep coming out and performing and we will keep evaluating.”

S COREY LYNCH

(On his performance in the first half)

“I don’t want to think too much about it yet. I just want to keep playing the next half and talk about it after the game.”

(On his two interceptions)

“Yeah we got a great rush, the linebackers were doing their jobs and that’s what happens when you have a good crowd around you.”

RB KAREEM HUGGINS

(On the performance of the offense in the first half)

“We just came out and the line did a great job of blocking, the coaches did a great job of calling the plays and we have just been trying to execute.”

(On his performance)

“I just try to have fun and execute and try to make as few mistakes as possible.”

(On the importance of this final preseason game)

“It was very important. Every game is very important to come out and play well as a team. You just want to come out here and have fun and take advantage of your opportunities.”

WR ARRELIOUS BENN

(On having more opportunities and trying to make the most of them)

“Opportunities come and so I have to go out and take it. I know my ability, I just have to go out there and do it. Right now it is a learning process for me and there is a long season ahead and I am just taking one game at a time and one practice at a time.”

(On his touchdown reception)

“It was a simple play, Rudy [Carpenter] threw a great ball and I just went up and made a opportunity catch.”
